

Required Attendance Form Information

The UF/IFAS CEU Verification Office now prints **your** State of Florida's "Record of **Attendance Form** for Continuing Education Units (CEUs)" from the DACS Pesticide Applicator Continuing Education Unit Web site.

However, to allow us to generate your **Attendance Forms** you still must submit some information to the UF/IFAS CEU Office office. Please fill out the spaces below.

Then send the this sheet, the required fee (\$10 per tutorial payable to "University of Florida"), **and tutorial result(s) to:**

CEU Verification Office
Bldg 970 Natural Area Drive
University of Florida
Gainesville, FL 32611-0640.

When you submit the tutorial results, fee and information requested below to the address above, we will generate the State Attendance Form and send it to you with the **required verification signature**. We will also enter your CEUs into the State's online CEU database.

You will then complete the information on the DACS Attendance form we provide you, and submit it to the appropriate Bureau to renew your license.

Please Print
